

From Editor's Desk

Dear Colleagues,

I am happy to place before you the second issue of the Journal of Indian Library Association (JILA) of June, 2019. I thank and congratulate the members of Editorial Board for their timely review of articles submitted by the authors. I also thank the authors for their cooperation in bringing out the best articles.

The members of Council and Executive Committee of Indian Library Association are striving hard to improve the quality of JILA. But the same is in the hands of the members of ILA in general and authors in particular. Therefore, on behalf of the Indian Library Association I request you to contribute original articles avoiding language and grammar errors to enhance the quality and visibility of JILA thereby raising the standards of JILA to the International level.

The present issue contains six articles viz. Transformation of Modern Libraries into Green Libraries to attain sustainability by Kimi Mahawariya / Web Pages of Engineering College Libraries in Andhra Pradesh: An Analysis by Dr. O. Sessaiah and Dr. R.V. Rekha / Citation Analysis of Global Dengue Research Publication during 2010 to 2017: A Scientometric Approach by Prof. Sadik Batcha M / Accuracy of References in Malaysian Journal of Library and Information Science by Dr. Vishnu Kumar Gupta / A Study on the Extent of Job Enrichment among University Libraries in Kerala by A. Naseer and Digital Literacy among the users of ABV-IIITM, Gwalior by Dr. Niranjana Singh. Each article deals with the different aspects of Library and Information Science in a changed environment.

Prof. B.D. Kumbar
