

From Editor's Desk

Dear Colleagues,

I am very much pleased to place before the members of ILA the third issue of JILA of 2019. Looking into the demand from the members of ILA and increasing number of papers to JILA portal, it is decided to increase the number of papers to be published from 6 to 8 from the third issue onwards. On behalf of the ILA, I thank all the members of the Editorial Board and Reviewers for their splendid work and timely review of papers. I also thank the contributors for their selfless efforts in preparing the papers. I expect the same kind of cooperation in future also.

Prof. B.D. Kumbar
